

Stone City Coffee Roasters is a husband and wife roasting team, Located in Steinbach, MB.

We offer the finest in freshly roasted coffee. We roast premium specialty coffee, Certified Fair Trade Coffees, and Certified Organic Coffees from around the world! Our method ensures the beans are roasted to perfection, which inevitably results in an exquisitely smooth cup of coffee, bursting with flavour, every time.

Our purpose is to create belonging within the community through coffee. Why coffee? A really good cup of coffee is often shared, and it brings people together. And when it's not, it's a moment to reflect, to think about the world and our role in it. Also, coffee is all about relationships – between the farmer and the roaster, the roaster and the customer, and ultimately every person sharing a cup of coffee.

Orders are due on March 23 , 2023.

Cheques can be made payable to: **Landmark PTA**

Landmark School thanks you for your fundraising support.

We have picked our top sellers for your fundraiser event and here are the descriptions. Specialty coffee has tasting notes. Similar to how fine wine is often described. The notes are usually very subtle but oh so delicious! We have not added flavouring. Our coffee is 100% Arabica coffee.

Berkeley Blend: This medium roast Arabica blend coffee will make every morning better. It has subtle notes of fruit, brown sugar, and almond. It is smooth and has a complex taste. This blend is a crowd pleaser every time!

Autumnwood Blend: This dark roast coffee blend has been roasted in small batches to bring out the optimum flavour's in each bean. It is dark roasted for those who love a dark coffee blend. It has hints of caramel, toasted nut and chocolate. This will quickly become your favourite coffee.

Community Blend: We love being a part of the community for fundraising events and this blend was created with you in mind. So much joy is found in our communities. We smile and laugh a lot, dream big and know how blessed we are! This blend is a post roast blend of light, medium and dark. It is bold but not bitter and so smooth. It has subtle tasting notes of toasted nut, toffee and chocolate.

Decaf Brazil: This decaf has been decaffeinated using the Swiss water method uses elements of water, temperature and time to create some of the best decaf coffee. This coffee has notes of Chocolate, toffee, dates, and nuts.
