

Stone City Coffee Roasters is a husband and wife roasting team, Located in Steinbach, MB.

We offer the finest in freshly roasted coffee. We roast premium specialty coffee, Certified Fair Trade Coffees, and Certified Organic Coffees from around the world! Our method ensures the beans are roasted to perfection, which inevitably results in an exquisitely smooth cup of coffee, bursting with flavour, every time.

Our purpose is to create belonging within the community through coffee. Why coffee? A really good cup of coffee is often shared, and it brings people together. And when it's not, it's a moment to reflect, to think about the world and our role in it. Also, coffee is all about relationships – between the farmer and the roaster, the roaster and the customer, and ultimately every person sharing a cup of coffee.

We are passionate about people and awesome coffee!

We have picked our top sellers for your fundraiser event and here are the descriptions. Specialty coffee has tasting notes. Similar to how fine wine is often described. The notes are usually very subtle but oh so delicious! We have not added flavouring. Our coffee is 100% Arabica coffee.

Berkeley Blend: This medium roast Arabica blend coffee will make every morning better. It has subtle notes of fruit, brown sugar, and almond. It is smooth and has a complex taste. This blend is a crowd pleaser every time!

Autumnwood Blend: This dark roast coffee blend has been roasted in small batches to bring out the optimum flavour's in each bean. It is dark roasted for those who love a dark coffee blend. It has hints of caramel, toasted nut and chocolate. This will quickly become your favourite coffee.

Merry Christmas Blend: Celebrate the Christmas Season with this joy-filled Stone City seasonal coffee. I can almost hear the sleigh bells jingling, Christmas lights twinkling and soft carols playing as you brew this holiday coffee. You will unwrap the natural flavours of cocoa and sweet maple found in this premium 100% Arabica coffee. This delightful Christmas coffee is a post-roast blend of dark, medium, and light roast coffee, which will be a favourite for your Christmas season! After a walk in the crisp winter air and the snow gently falling, this coffee will be the perfect treat to enjoy by your cozy fireplace.

Decaf Brazil: This decaf has been decaffeinated using the Swiss water method uses elements of water, temperature, and time to create some of the best decaf coffee. This coffee has notes of Chocolate, toffee, dates, and nuts.
