

Principal's Message:

The start of May marks a shift in our school. There is a clear sense of energy in the building... students enjoying the outdoors more, trying to slip out during break to shoot a few hoops, lots of dirty floors that we are trying to keep clean, our Annie Jr. musical. Our teachers are looking ahead and planning their learning excursions for their classes. These are great opportunities to extend their learning - these include a trip to the Legislature for gr. 9 Social Studies, the Floodway and Landmark Water Treatment Plant for gr. 8 Science (Water Unit). In the midst of this we will be hosting next year's grade 7s and planning for next year.

Musical: On April 25th and 26th, LC performed its first musical in several years. Produced by Mel Friesen, Annie Jr. was performed by 30 of our students across all grade levels. In addition to our evening performances we were able to have two afternoon performances. On Thursday we had several rural schools visit and on Friday we performed for our students and the gr. 3-6s from LES. Performances such as this take support from many people for set design and setup, makeup, costumes, tech, promotion, and general support. Thank you to all our staff, students, and community members who supported this production! Thank-you to the community for the huge support for this musical - we had a full house both nights.

Exam Schedule: Please note that the exam schedule is in the process of being created. Stay tuned for more information. The assessment block is from June 20th to June 24th. Please avoid appointments and family trips during this time.

Spring Fling: Our spring fling is planned for Thursday, May 9th. Students need to sign up by Tuesday, May 7th to attend; we will not be having walk-ins.

Yearbook Sales: Several of our gr. 11 and 12's have been working hard over the year to create a Yearbook to remember this past year. Yearbooks are a great way to remember activities through the year such as sports, the musical, spirit week, or activity days. The Yearbooks can be pre-ordered through the office, purchased by May 10th. The cost is \$40 with an arrival date of late June.

Band Congratulations to our gr. 7 band who performed very well at the festival on April 18. Adjudicators had many good things to say and we look forward to performances in the years to come!

Sports Our badminton season has wrapped up. Our Gr. 7 and 8s did very well with several of our students finishing in the top 3 in their categories. In our senior years, we have

Karina Braun heading to provincials!
All the best!

At the end of May we have several of our students competing in beach volleyball in Winnipeg. This event is open to all and has two categories - competitive, two person teams, and

non-competitive, 3 person teams. This is a growing sport and as a result it has expanded over four days.

Our girls softball team is starting practicing shortly. This is not a long season but provides an opportunity for our girls to come together for several days of tournaments.
