

Stone City Coffee Roasters

Coffee Blends

Berkeley Blend: A medium roast blend that brightens every morning. Smooth and complex, with subtle notes of fruit, brown sugar, and almond. A perfect all-around choice.

Autumnwood Blend: A rich, dark roast for bold coffee lovers. With flavors of caramel, toasted nuts, and chocolate. Bold but never bitter, smooth and full-bodied.

Merry Christmas Blend: Celebrate the season with this festive specialty blend. Naturally occurring notes of cocoa and sweet maple come through our careful roasting of specialty-grade 100% Arabica beans. A post-roast blend of dark, medium, and light roasts creates a smooth, balanced holiday cup.

Decaf Brazil: Swiss Water Process decaf, medium roasted. Smooth and satisfying with natural notes of chocolate, toffee, dates, and nuts.

Our coffees are never artificially flavored. Every tasting note—whether chocolate, maple, almond, or fruit—comes naturally from the beans themselves. Specialty-grade Arabica beans develop unique flavors based on where they are grown, and through careful roasting, grinding, and brewing, those notes are revealed in your cup. That's the beauty of specialty coffee—pure, unflavored beans roasted to highlight their natural flavors.

Our Artisan Signature Syrups

Crafted with coffee lovers in mind, our syrups are preservative-free and versatile. Add a splash to coffee, lattes, teas, sparkling water, or even cocktails for bold, creative flavor.

Lavender: Perfect for London Fogs, Earl Grey, lavender lemonade, or sparkling water.

Brown Sugar Rosemary: Unique in cocktails like Maple Bourbon Rosemary or hot drinks.

Coconut: A matcha-lover's dream, also great for summer iced drinks and tropical cocktails.

Brown Sugar Pistachio: Nutty, warm, and decadent—amazing in lattes and mochas.

Krispy Donut: Tastes just like a donut shop classic, fantastic in hot chocolate!
